

Ready-To-Assemble Display Fixtures

Ready-to-assemble (RTA) display fixtures allow merchandise to be arranged in a variety of ways using accessories and shelves. Display fixtures can be easily moved using included casters. Made from Anchor™ Core slatwall, display fixtures are available in white, black, birch, and cherry finishes. Display fixtures, shelves, and accessories are sold through Wind Mill authorized distributors (see our website for details).

All RTA fixtures are manufactured using Anchor™ Core. Anchor™ Core is significantly stronger than standard medium density fiberboard (MDF).

Shelves

Shelves are sold separately in packs of four and are available in white, black, birch, and cherry. All shelves are finished on two sides and three edges. Available in the following sizes:

¾"D x 8"W x 14"L

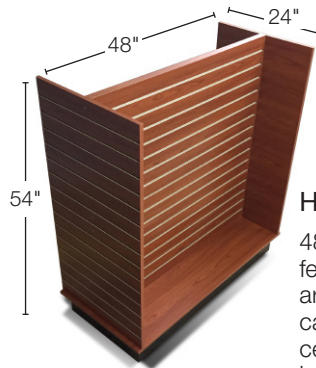

¾"D x 8"W x 22 ¼"L

¾"D x 10"W x 47¾"L

Installation

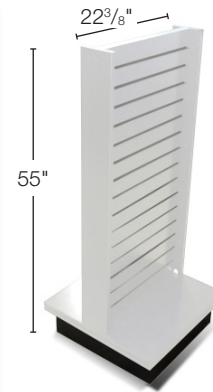

Installation instructions are included with packaging.

Consult our expert Project Managers for all custom projects.
